Outsourced CIO and IT Strategy

Align technology investments with management’s business goals and budget scenarios.

Current state

Business processes, critical applications, assets, contracts, risks and decision owners.

Roadmap

First-90-day priorities, investment and maintenance steps over 12 months, and a 36-month growth scenario.

Decision deliverables

Prioritised actions, budget assumptions, TCO comparison and a responsibility list.

Follow-up

Executive summary, open decisions and periodic strategy meetings agreed within the scope.

Scope boundary

Advisory work, daily technical support and project implementation are defined separately; unverified savings percentages are not used.

This document summarises the scope for a service discussion. It does not establish a fixed price, certification, numerical SLA or outcome guarantee. Binding scope is defined in the quotation and contract.
